As we reflect on what is likely the most unique year of our lifetime, may we all set aside some time to **celebrate the victories!**

During this school year, we've been brought together in new ways. Although lockdown restrictions and safety measures such as social distancing prevented us from physically seeing each other as frequently as we once did, our eyes have been opened to how **powerful our efforts are when we come together** — even if we're doing so remotely.

Participation has been exceptional!

Did you know:

In 2020-2021 our Scholarships and Bursaries Fund distributed over **\$410,000** to ensure deserving students attend ECS as well as to provide special awards and recognition for everything students achieve.

Great results to celebrate!

Congratulations to Veronique's team, our fabulous volunteers, and the entire ECS community!
